

Boat Dolly

4000 pound capacity boat dolly [two dollies will support a 8000 pound boat, a 17' wood runabout typically weighs around 2000 pounds.] Strong 11 gauge steel frame with a high gloss polyurethane finish featuring large 2' long bunks. The dollies each have four heavy duty 6" x 2" phenolic resin caster wheels that swivel on ball bearings. Two of the dolly wheels have locking mechanisms. The dollies each weigh 69 pounds and can be shipped by UPS. For safety reasons, dollies must be used in pairs. **DOLLY** Single 4000 Pound Capacity Boat Dolly \$249

Steering Wheels

Need a steering wheel to finish off that project? Does the steering wheel that you have on your otherwise pristine boat look a little rough and could use a little work? Give us a call at or drop us an e-mail. We have a pretty good selection of original Chris Craft steering wheels. We also carry a variety of products for steering wheel restoration and rejuvenation.

Lubri-Gas

Lubri-Gas is simply the best gasoline additive available. It decreases oil consumption, increases compression and mileage, eliminates sticky rings and valves, gives more power, better piston seal, longer engine life, reduced exhaust emissions, longer spark plug life, makes engines start quicker and idle smoother, extends time between tune-ups and eliminates existing carbon deposits in valves.

One case of Lubri-Gas [non-breakable gallon jug and handy reclosable quart bottle with measuring marks] treats 640 gallons of gas. You owe it to your classic boat [or car] to try a case of Lubri-Gas and see the results of the gas additive everyone is talking about.
